**Subject:** Review: Draft TCE Options Selection PPT for Agency Workgroup Review  
**Attachments:** OXX\_Comments\_ DRAFT TCE Option Selection PPT.docx; TCE\_Draft Option Selection PPT\_03.24.22\_for Agency WG Review.pptx

Joel,

As we discussed yesterday, if the TCE slide deck is shared with the WG prior to the signed memo and ABP, which would provide context as to the decision made, I would prefer for you to send an email prior to, or along with the slides, to my WG with some background information about where we are in the process and what to expect (signed memo and ABP) via other office channels.

In the meantime I have drafted the email below to send to the WG with my preference for how I'd like to review comments on the slide deck. Blue highlight is where I will need to add link to documents once they are added to the WG sharepoint.

---

Hi all,

Thank you all for your patience, we are excited to share with you today the Draft TCE options selection slide deck for your review.

If there are any questions regarding the path forward please copy Joel Wolf on the email.

**Please find attached, as well as available on sharepoint:**

Let Gabriela or I know if you have trouble accessing any documents on the sharepoint.

1. Draft TCE Option Selection Presentation
2. Office comments on Draft TCE OS presentation
3. ECEL (immunotoxicity endpoint)
4. ECEL (congenital heart defects endpoint)

**By COB Day 4/XX please provide your comments following these guidelines:**

- Please respond by office within the template provided
- If you suggest changes to specific language on a slide, please provide the exact language you suggest
- If you suggest there to be additional information in the slides or that information is incorrect please explain why
- Please share your office's comment document with Gabriela Rossner and I by COB 4/XX

Thank you for your continued support in developing the TCE options!

**Katie McNamara**
